🎓 IB TOK Specialist | University of Cambridge | BA in Philosophy

I'm a Philosophy graduate from the University of Cambridge with over 10 years of experience guiding students through the intricacies of IB Theory of Knowledge (TOK). I help students navigate the complexities of critical thinking, knowledge questions, and their implications in both real-world and academic contexts. My aim is to inspire curiosity and enhance their ability to develop thoughtful, structured essays and presentations.

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

With a decade of teaching TOK, I've worked with students worldwide, helping them understand and engage with knowledge issues from diverse perspectives. My experience includes tutoring at international schools like St. Clare's, Oxford, where I provided tailored support for TOK essays and presentations. I emphasise clarity of thought and logical argumentation, ensuring students excel not only in their TOK assessments but also in broader critical thinking.

In addition to TOK, I offer support for IB Philosophy and Extended Essays, providing a well-rounded approach to the IB Core. My passion lies in encouraging students to question assumptions and build their own reasoned conclusions, preparing them for success both academically and beyond.
