🎓 Experienced Tutor | University of Heidelberg | MSc in Physics

With a decade of experience teaching IB, A-Level, and IGCSE Physics, I hold an MSc in Physics from the University of Heidelberg and a BSc in Electrical Engineering from the Technical University of Munich. My students across Europe excel in exams while mastering critical analytical skills.

Teaches: IB Physics A-Level Physics IGCSE Physics GCSE Physics

Curriculum: IB A-Level GCSE IGCSE

Qualifications

University of Heidelberg: MSc in Physics (2013–2015)

Technical University of Munich: BSc in Electrical Engineering (2009–2013)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past decade, I've worked with students from diverse backgrounds, teaching IB, A-Level, and IGCSE Physics. I enjoy breaking down complex topics, such as thermodynamics and quantum mechanics, into understandable concepts, allowing students to excel in their exams and coursework.

In addition to school-level physics, I've guided students in AP Physics and GCSE Physics, helping them apply theoretical concepts to real-world situations. I also focus on strengthening problem-solving skills and encouraging students to develop a deeper understanding of physics beyond their textbooks.

Throughout my career, I've had the opportunity to work with students aiming to enter top universities, providing them with the knowledge and skills necessary to succeed in higher education. Many of my students have achieved excellent results and moved on to prestigious institutions for their undergraduate studies.
